

## **Pitcairn-Crabbe Foundation Publicity Policy**

The Foundation does not actively seek publicity for its grant making. It does, however, permit grantees to acknowledge the Foundation's financial support if they deem it useful in advancing their mission and work.

Grantees may acknowledge the Foundation's support as appropriate in publications, announcements, websites, and media coverage of their work. In any acknowledgement, a grantee may use the name and mission statement of the Pitcairn-Crabbe Foundation, as well as the nature or purpose of the grant. Unless the grant is structured as a challenge, Grantees are not permitted to disclose the specific dollar amount.
